

## M. & M. TALK OF TOWN TOPICS

Business and Professional Men of the City Unite in a Discussion of the Provisions of New License Ordinance

The new tax ordinance, No. 6, recently passed by the city commission has been within the last few days a most discussed question. In business circles and on the street business men and tradesmen have expressed themselves in no uncertain terms and been figuring out just what their whole tax would be.

This matter was taken up by the Merchants & Manufacturers' association at a meeting of the board of governors Monday afternoon. General consideration of the proposition resulted in the appointment of a committee of five to act in conjunction with similar committees from the Board of Trade and the Rotary club.

This joint committee met at the office of the Merchants & Manufacturers' association at 10 o'clock the following morning, to decide upon a definite course of action.

The presidents of the three organizations, Messrs. C. H. Pratt, of the Merchants & Manufacturers' association; A. L. Moore, of the Board of Trade; and A. A. Betts, of the Rotary club, were directed to select a committee from the business and professional men of the city most directly interested in the ordinance.

The following committee was selected:

H. A. Diehl, chairman, W. S. Humbert, Geo. N. MacBean, E. O. Carlisle, Judge C. F. Almsworth, J. L. Irvin, Geo. F. Barrows, Sr., Paul S. Kanitz. This committee is now busily engaged in a careful study of the ordinance preparatory to making recommendations for further action.

The last monthly meeting of the Merchants & Manufacturers' association for the season will be held this evening at 7 o'clock and will be a dinner on the roof garden of the Arizona club. This meeting will be of unusual interest and all members of this association are urged to be present as well as others who are interested in the matters to be discussed. Col. J. H. McClintock will talk on "Parcel Post" and Geo. Barrows, Sr., will cover the city license

## Y. M. C. A. HAS AL FRESCO AUDITORIUM ON COURT

That ceremony which takes place Friday evening on the new Y. M. C. A. concrete back lot will mark the opening of one of the most useful places in Phoenix—an outdoor gym-auditorium-playground.

Few people who have watched Johnny Albright sling the cement around on that court knew that there was building a bit of a structure that will do for everything from a tennis match to a baseball game.

For it is so arranged that seats may be placed around on the cement, a picture machine set on the balcony on the northeast corner of the big building and a screen hung right where the old gate into the Water Users' back yard used to be. Or, the screen may be hung from the balcony and the picture machine placed opposite. At any rate, an auditorium is to be arranged, which will seat 3,500 people. A moveable stage has been ordered for the place next to the brick wall, now being plastered for a handball back stop. Moveable rows of seats will be another feature of Secretary Harry Blair's careful planning.

On the court itself, will be marked lines designating spaces for two tennis yards, four or six hand ball courts, indoor basketball (outside) and volleyball. Volley ball players will get the preference over tennis players on the west court.

On Friday night will be presented the following:

Program of Events

Exhibitions 5:00 to 7:00 p. m.  
Tennis singles, tennis doubles, handball singles, handball doubles, volleyball, playground ball, mat work and tumbling, boys' calisthenics.

Dedication Exercises

Band concert, 7:30 to 8:30 p. m.

Brief addresses by Gov. Geo. W. P. Hunt, City Manager W. A. Farish, Mayor Geo. U. Young, President John P. Orme, Dean Wm. Searett, President Lloyd B. Christy.

Motion pictures, 9:00 p. m.

ordinance recently passed by the city commission. The half holiday will also be taken up in a general discussion.

Tickets for this dinner are one dollar per plate and are on sale at the office of the Merchants & Manufacturers' association but on account of reservations being made early in the day, Mr. Clemens, the secretary of the association, asks that all who care for them telephone his office before ten o'clock.

## REBEKANS ENTERTAINED AT CLAFLIN HOME

Mrs. Claflin and Mrs. Coott Combine in Making Success of Social Event

One of the most enjoyable events in the social life of the Rebekahs occurred last Friday afternoon when Mrs. Nettie Scott and Mrs. Howard R. Claflin, at the home of the latter 1757 W. Madison St. entertained their sisters in honor of Mrs. Pearl Beonchi Quick and Mrs. Robert Banks.

The house was charmingly decorated with the lodge colors and quantities of flowers added to the artistic effect.

Mrs. Carrier, one of the oldest Rebekahs in this jurisdiction was presented with a lovely bouquet of flowers from the lodge as a pleasant reminder of her 75th birthday. A number of other very pretty little gifts were also given to her. The afternoon was enjoyably spent with several delightful musical selections by Mrs. May Stalnaker and a number of unique games, dainty refreshments concluding the program.

The following ladies enjoyed the hospitality of Mrs. Scott and Mrs. Claflin: Mrs. Pearl Quick, Mrs. Robert Banks, Mrs. May Stalnaker, Mrs. Emma Kinkade, Mrs. Sarah Falt, Mrs. May Fike, Mrs. Roy Bailey, Mrs. Lillian Ellis, Mrs. Victor Norris, Mrs. Alice Gordon, Mrs. Fanny Martin, Mrs. Mary Vincell, Mrs. W. M. Smith, Mrs. Jennie Kuhlman, Mrs. Eda Kane, Mrs. H. Kircher, Mrs. Ethel Banks, Mrs. Nellie Beonchi, Mrs. Mary Osborne, Mrs. Gregg, Mrs. Carrier and Mrs. Conrad.

### LEGAL NOTICE

For further information, address R. N. McConnell, one of the trustees, \$10 Exposition Bldg., San Francisco, Cal., or G. Byron Carr, Tempe, Ariz. G. BYRON CARR, R. N. McCONNELL, Trustees.

## J. PLUVIUS, UMP., SENT PLAYERS BACK

End of a Ball Game Before It Began

HAYDEN, Ariz., June 2—Sunday afternoon in Hayden was to have been a great holiday occasion with a snappy ball game between the Winkelman boys and the Ray Cons. team but old J. Pluvius took charge of affairs at the last moment and ruled all others out of order. The game was arranged for five o'clock and all through the afternoon there was a steady influx of loyal Winkelman rooters and most of them brought money to demonstrate their confidence in their team. It was just a few minutes before five and the teams were warming up for the battle when the storm broke with a terrific gale followed by a downpour surpassing anything that we have had for months. Arrangements were then made to defer the game to five o'clock Wednesday afternoon, weather permitting, and local fans are looking forward to a hot contest.

The Smelter ball team journeyed to Ray by auto Sunday and engaged the Ray team on their home ground. A splendid game was put up by both sides resulting in a victory for Ray by a score of three to nothing.

W. E. Sullivan, umpire, who is well known here as the representative of Loomis, Saffern and Pernal of New York, having checked the copper company's accounts on several different occasions, has severed his connection with that firm and is now located in Los Angeles.

Erwin Gauch, who was a resident of Hayden for several years before he went to Antofagasta, Chile, in the employ of the Chile Exploration Co., has decided to return to the United States and is now on his way to San Francisco. It is probable that he will soon be looking up his many Hayden friends as most of them come back to Arizona after once trying it.

George A. Sligh, manager of the Winkelman Water Co., during the absence of N. H. Morrison, has filed his resignation and expects to leave in a few weeks for southern California, where he will make his home. Mrs. Sligh and little daughter, Mary, will probably precede him, leaving here in a few days.

H. C. Dean, manager of the Iris and Juarez theaters at Ray has resigned and with Mrs. Dean will leave in a few weeks for the Pacific coast. The white wing season had a very lively opening in this locality Monday with a number of Haydenites out gunning. It was an exceptionally busy day with Deputy Game Warden Studley as most of the hunters gave last thought to the matter of licenses, looking up the judge at the eleventh hour.

Harry Gravelle and Truman Phillips are arranging to take a vacation of several weeks in the White mountains. They will probably leave in a few days and anticipate great sport at hunting and fishing in that favored section.

Mr. and Mrs. Russell Page and son of Winkelman spent Sunday visiting friends in Hayden.

## HAITIAN JUNGLES NOT BEST FOR AUTOMOBILES

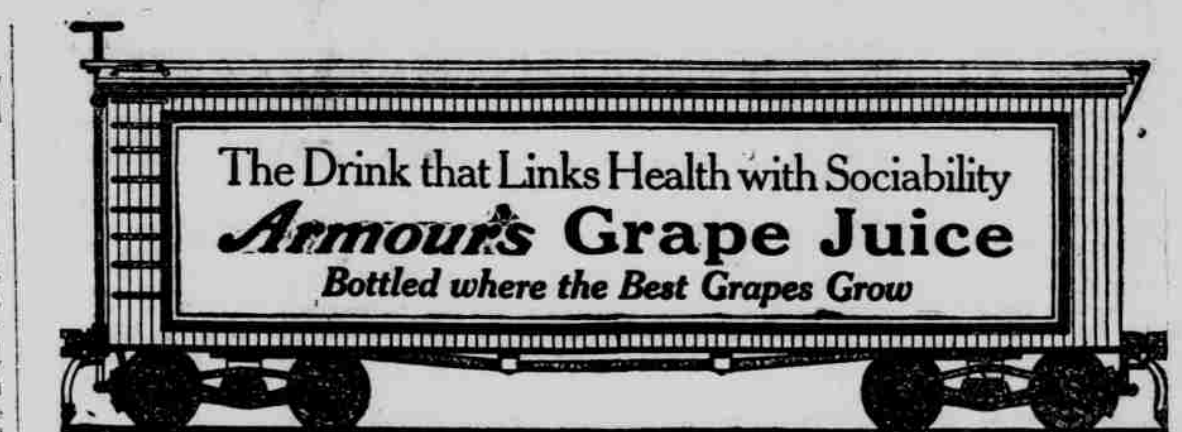

The traveling representative of a big automobile concern must be by the very nature of his calling, more or less of a humorist and altogether a philosopher. The Willys-Overland Co., of Toledo, Ohio, makers of the Overland car, have one traveling representative in whom these attributes are developed to a remarkable degree, as shown in the following excerpts taken from one of his regular reports, written while journeying through the province of Santo Domingo on the island of Haiti, West Indies.

"This is not an especially attractive country for automobile salesmen, in spite of the fact that the people have plenty of money and are anxious to enjoy the delights of the gasoline vehicle," runs the report. "The whole province has but twenty miles of roads which are at all available for automobile traffic and these highways are little more than paths through the jungle. There is a garage owner—the only one in the whole province—who is anxious to obtain the Overland agency, but I think it will be necessary to do some missionary roadwork before he can be called a successful distributor."

"He has five cars now, all old and very much patched second-handers. While his cars give him plenty of trouble, he has plenty of time to keep them in repair, for because of the scarcity of highways, and the narrowness of those that do exist, he can only have one car out at a time. He can't operate them all at once, for they would run into or over each other. However, a highway improvement campaign has already been launched and I expect soon to see as many Overlands running here as there are in other out-of-the-way parts of the world."

### CITY LICENSE TAX NOTICE
